### **DETAILED ACTION**

1. It is noted that in the letter of 11/21/07, Applicant refers to a Substitute Amendment B previously filed 2/5/03; however, no such amendment appears to be of record. Applicant is requested to re-submit the Substitute Amendment, so that it may be properly entered. Applicant is reminded that all amendments to reissue applications must conform to 37 CFR 1.173.

### ***Reissue Applications***

2. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed. Although Applicant's letter of 11/21/07 refers to a Supplemental Declaration of 6/3/03, no such document appears to be of record.

Claims 1 - 5, 7 - 14, and 16 - 18 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

See MPEP § 1414.01.

3. Applicant is reminded that a reissue application can only be granted for the unexpired portion of the term of the original patent (In re Morgan, 990 F.2d 1230, 26 USPQ2d 1392). It appears that Applicant must establish payment of the maintenance

fees of the parent patent under 37 CFR 1.377 or 1.378 to re-instate the term of the patent before the Reissue application can be granted.
